Equip the Saints Missions

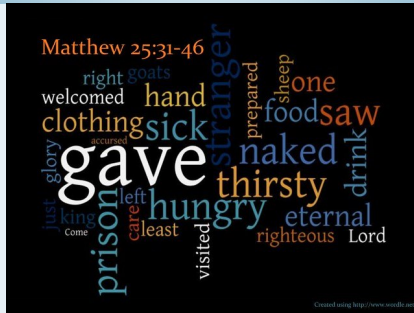

Equipping Churches and non-profits (Eph 4:12)

Helping non-profits and churches align with and achieve their mission

If you have a gospel centered ministry but limited resources, 'Equip The Saints' mission can provide consulting resources to help you get started or become more effective.

(Equip the Saints is a ministry of InFaith)

The Problem

We can not afford a ministry consultant and we lack some skills to make things work. For example;

- We do not know how to **incorporate a 501 c3 or re-write bylaws**
- We are stuck and **need an outside perspective** to get things moving.
- We want to **start a ministry** and need a bit of guidance to do it well.
- We want to **evaluate our church or ministry** but don't know how.
- We want to start a **residential recovery ministry**, a care ministry in our church or another ministry but can't quite seem to get it all pulled together.
- We are **looking for a pastor** and don't know how to evaluate our church and search for a Pastor.
- We need to **redo our mission and vision statements** and need some help.

The Solution

Solution One (COST): We offer consulting services and guidance for most areas of church and non profit ministry with no fee for service. We ask you to prayerfully consider donating to the missionary support of Mike Thompson as long as you utilize his ministry gifts. Mike welcomes longer term support as the Lord leads you to contribute.

Solution Two (EXPERIENCE): Mike Thompson has decades of ministry and business experience that he can offer your ministry team, board, non-profit or church. Mike will only do as much as you invite him to do. He will be accountable and report to the board, or their representative.

Resources

Here are the kind of resources **Equip The Saints** can provide to your church or ministry.

Mike can share his **intentional discipleship pathway** by which your leaders can grow.

Mike can help you with any documents and processes related to **starting or updating a 501c3** or church.

Mike can help you start a ministry team, a 501c3 ministry, **plant a church or start a missionary agency**. If you have a team of interested people Mike can provide guidance and encouragement.

Mike can **coach and mentor** individual ministry **leaders or pastors**.

Mike can **evaluate any ministry** area of your church or nonprofit and provide encouragement and objectives on which to focus
